

VUU Animal Policy

Created: 02/28/12

The only animals permitted in our facilities are identified service animals. An exception shall be made for animals in educational programs or special activities.

Procedure:

1. If a guest brings a non-service animal the ushers can seat the guest and animal at the rear of the sanctuary on a one time basis as long as the animal is leashed or caged. Ushers are to inform the guest that this is a one time exception.
2. If a guest returns with a non-service animal he/she will be politely refused entrance.
3. Under no circumstances will an animal be left alone outside or in a vehicle*.

*According to AZ state statutes, no animals may be left unattended in vehicles when injury or death could result.
