

Explorations: Finding Beauty in Imperfection

“If you look closely at a tree you’ll notice it’s knots and dead branches, just like our bodies. What we learn is that beauty and imperfection go together wonderfully.” Matthew Fox

Questions for Reflection

Do you agree with Matthew Fox that a tree is a combination of beauty and imperfection?

When you think of trees, how do you separate beauty from imperfection?

How does this combination of a tree’s imperfection and beauty change through the seasons of a year?

Is it possible that there is more beauty in imperfection than in perfection? (*This is the foundation of wabi-sabi in Japan.*)

Wabi Sabi by Mark Reibstein (Author) and Ed Young (Illustrator) (October 2008)

Wabi Sabi, a little cat in Kyoto, Japan, had never thought much about her name until friends visiting from another land asked her owner what it meant. *At last, the master / Says, "That's hard to explain." And / That is all she says.* This unsatisfying answer sets Wabi Sabi on a journey to uncover the meaning of her name, and on the way discovers what wabi sabi is: a Japanese philosophy of seeing beauty in simplicity, the ordinary, and the imperfect.
