

Tech Supervisor Job Description:

This 1/4 position has responsibility for assuring and delivering virtual programming for the VUU program, primarily through worship services.

The Coordinator will assure that all technical audio-visual elements required are present for agreed events, providing service personally or through volunteers recruited from the Tech Team.

The Coordinator will direct AV services for all VUU wide virtual events, as assigned and within the limits of a 1/4 position, or delegate this to members of the Tech Team in his absence. Any VUU-wide event other than Sunday worship must be cleared through the Minister, to whom this position reports.
